PROCTORS

PRESENTS

The High School Musical Theatre Awards is a celebration of outstanding student achievement in high school musical theatre. The program focuses much-needed attention on the meaningful work being done on and off the stage by dedicated teachers and students within their high school theatre programs. By recognizing and honoring individual artistry in performance technical theatre, and theatre educators' commitment to performing arts education, these awards seek to encourage excellence in the performing arts, engage families in the activities of their students, ignite a far-reaching partnership between Proctors and area schools, and contribute to the development of future audiences for live performing arts in the Capital Region. We are constantly amazed and proud of the accomplishments of the area's high school drama programs and look forward to celebrating with them for years to come!
